The notes set out on pages 5 to 21 form an integral part of, and should be read in conjunction with, this interim financial report.

The consolidated statement of changes in equity should be read in conjunction with the audited financial statements for the year ended 31 December 2009.

QUARTERLY REPORT – FIRST QUARTER ENDED 31 MARCH 2010

NOTES TO THE INTERIM FINANCIAL REPORT

1. Basis of preparation

The consolidated interim financial statements have been prepared in accordance with FRS 134, *Interim financial Reporting* and paragraph 9.22 of the Bursa Malaysia Securities Berhad Listing Requirements.

A limited review on this Quarterly Report has been undertaken by the Company's External Auditors.

The interim financial statements should be read in conjunction with the audited financial statements of the Group for the year ended 31 December 2009.

2. Significant accounting policies

2.1 Changes in accounting policies

The significant accounting policies adopted in the interim financial report are consistent with those adopted for the annual audited financial statements for the year ended 31 December 2009, except for the adoption of the following standards, amendments and interpretations which are effective for annual periods beginning on or after the respective dates indicated herein:

FRS 139. Financial Instruments: Recognition and Measurement

The adoption of FRS 139 has resulted in changes in accounting policies relating to recognition and measurement of financial instruments and the new accounting policies are as follows:-

Initial recognition and measurement

A financial instrument is recognised in the financial statements when, and only when, the Group becomes a party to the contractual provisions of the instrument.

A financial instrument is recognised initially at its fair value plus, in the case of a financial instrument not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial instrument.

QUARTERLY REPORT – FIRST QUARTER ENDED 31 MARCH 2010

NOTES TO THE INTERIM FINANCIAL REPORT

2. Significant accounting policies (continued)

2.1 Changes in accounting policies (continued)

An embedded derivative is recognised separately from the host contract and accounted for as a derivative if, and only if, it is not closely related to the economic characteristics and risks of the host contract and the host contract is not categorised at fair value through profit or loss. The host contract, in the event an embedded derivative is recognised separately, is accounted for in accordance with the policy applicable to the nature of the host contract.

Financial instrument categories and subsequent measurement

The Group categorises financial instruments as follows:-

Financial assets

a) Financial assets at fair value through profit or loss

Fair value through profit or loss category comprises financial assets that are held for trading, including derivatives (except for a derivative that is a designated and effective hedging instrument) of financial assets that are specifically designated into this category upon initial recognition.

Derivatives that are linked to and must be settled by delivery of unquoted equity instruments whose fair values cannot be reliably measured are measured at cost.

Other financial assets categorised as fair value through profit or loss are subsequently measured at their fair values with the gain or loss recognised in profit or loss.

b) Held-to-maturity investments

Held-to-maturity investments category comprises debt instruments that are quoted in an active market and the Group has the positive intention and ability to hold then to maturity.

Financial assets categorised as held-to-maturity investments are subsequently measured at amortised cost using the effective interest method.

c) Loans and receivables

Loans and receivables category comprises debt instruments that are not quoted in an active market, trade and other receivables and cash and cash equivalents.

Financial assets categorised as loans and receivables are subsequently measured at amortised cost using the effective interest method.

d) Available-for-sale financial assets

Available-for-sale category comprises investments in equity and debt securities instruments that are not held for trading.

QUARTERLY REPORT – FIRST QUARTER ENDED 31 MARCH 2010

NOTES TO THE INTERIM FINANCIAL REPORT

- 2. Significant accounting policies (continued)
- 2.1 Changes in accounting policies (continued)

d) Available-for-sale financial assets (continued)

Investments in equity instruments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are measured at cost. Other financial assets categorised as available-for-sale are subsequently measured at their fair values with the gain or loss recognised in other comprehensive income, except for impairment losses, foreign exchange gains and losses arising from monetary items and gains and losses of hedged items attributable to hedge risks of fair value hedges which are recognised in profit or loss. On derecognition, the cumulative gain or loss recognised in other comprehensive income is reclassified from equity into profit or loss. Interest calculated for a debt instrument using the effective interest method is recognised in profit or loss.

All financial assets, except for those measured at fair value through profit or loss, are subject to review for impairment.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost other than those categorised as fair value through profit or loss.

Fair value through profit or loss category comprises financial liabilities that are held for trading, derivatives (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument) or financial liabilities that are specifically designated into this category upon initial recognition.

Derivatives that are linked to and must be settled by delivery of unquoted equity instruments whose fair values cannot be reliably measured are measured at cost.

Other financial liabilities categorised as fair value through profit or loss are subsequently measured at their fair values with the gain or loss recognised in profit or loss.

Regular way purchase or sale of financial assets

A regular way purchase or sale is a purchase or sale of a financial asset under a contract whose terms require delivery of the asset within the time frame established generally by regulation or convention in the marketplace concerned.

A regular purchase or sale of financial assets is recognised and derecognised, as applicable, using trade date accounting. Trade date accounting refers to:

- a) the recognition of an asset to be received and the liability to pay for it on the trade date, and
- b) derecognition of an asset that is sold, recognition of any gain or loss on disposal and the recognition of a receivable from the buyer for payment on the trade date.

FRS 7, FRS 8 and FRS 101 only impact presentation and disclosure aspects of the financial statements.

Prior to the adoption of the revised FRS 123 (revised), *Borrowing Costs*, the Group expensed all borrowing costs as and when they were incurred. With the adoption of the revised FRS 123, to the Group capitalises borrowing costs that are directly attributable to the acquisition or construction of qualifying assets that take a substantial period of time to get them ready for their intended use. The adoption of FRS 123 (revised) does not have a material impact to the Group.

2.2 Standards, amendments and interpretations yet to be effective

The Group has not applied the following standards, amendments and interpretations that have been issued by the Malaysian Accounting Standards Board but are only effective for annual periods beginning on or after the respective dates indicated herein:

Standard / Amendment / Interpretation	Effective date

The Group plans to apply from the annual period beginning on 1 January 2011 those standards, amendments and interpretations as listed above that are effective for annual periods beginning on or after 1 March 2010, except FRS 1 (revised), Amendments to FRS 2, Amendments to FRS 5, Amendments to FRS 132, Amendments to IC Interpretation ("ICI") 9, ICI 12, ICI 16 and ICI 17 which are not applicable to the Group.

The initial application of a standard, an amendment or an interpretation, which is to be applied prospectively, is not expected to have any financial impacts to the financial statements for the current and prior periods upon their first adoption.

FRS 3 (revised), which is to be applied prospectively, incorporates the following changes to the existing FRS 3:

- The definition of a business has been broadened, which is likely to result in more acquisitions being treated as business combinations.
- Contingent consideration will be measured at fair value, with subsequent changes therein recognised in profit or loss.
- Transaction costs, other than share and debts issue costs, will be expensed as incurred.

QUARTERLY REPORT – FIRST QUARTER ENDED 31 MARCH 2010

NOTES TO THE INTERIM FINANCIAL REPORT

- 2. Significant accounting policies (continued)
- 2.2 Standards, amendments and interpretations yet to be effective (continued)
 - Any pre-existing interest in the acquiree will be measured at fair value with the gain or loss recognised in profit or loss.
 - Any minority (will be known as non-controlling) interest will be measured at either fair value, or at its proportionate interest in the identifiable assets and liabilities of the acquiree, on a transaction-by-transaction basis.

The amendments to FRS 127 require changes in group composition to be accounted for as equity transactions between the group and its minority (will be known as non-controlling) interest holders.

The amendments for FRS 127 further require all losses attributable to minority interest to be absorbed by minority interest i.e., the excess and any further losses exceeding the minority interest in the equity of a subsidiary are no longer charged against the Group's interest. Currently, such losses are charged against the Group's interest.

The above changes in FRS 127 are not expected to have material impacts to the Group.

The amendments to FRS 138, to be applied retrospectively, clarify, inter alia, that other amortisation methods, apart from the straight line method, may be used for intangible assets with finite useful lives. The adoption of any of the amendments to FRS 138 will result in a change in accounting policy.

ICI 15 replaces the existing FRS 201₂₀₀₄, *Property Development Activities* and provides guidance on how to account for revenue from construction of real estate. The adoption of ICI 15 by the Group for the year ending 31 December 2011, which is to be applied retrospectively, will result in a change in accounting policy in that the recognition of revenue from the property development activities will change from the percentage of completion method to the completed method. The Group is currently assessing the impact of the adoption of this interpretation.

Financial Reporting Standards will be fully converged with International Financial Reporting Standards by 1 January 2012. The financial impact and effects on disclosures and measurement consequent on such convergence are dependent on the issuance of such new or revised standards, amendments and interpretations by Malaysian Accounting Standards Board as are necessary to effectuate the full convergence.

(XI) Changes in material litigations

In March 2005, Naim Cendera Tujuh Sdn. Bhd. ("NC7"), the Company's wholly owned subsidiary, received a Writ of Summons from 5 persons suing on behalf of themselves and 79 others, claiming to have Native Customary Rights ("NCR") over part of NC7's leasehold land known as Lot 30, Block 34, Kemena Land District, Bintulu. Approximately 100 acres out of a total of 700 acres of the land are claimed by the Plaintiffs. The said land was previously alienated by the Government of Sarawak and due land premium had been settled in prior years. The Court has fixed 27 May 2010 for mention of the matter. Should the matter not be satisfactorily resolved or should the Court rule in favour of the Plaintiffs, NC7 will approach the State authorities for substitution of the land. In the meantime, NC7 has filed an application to strike out the claim which is now fixed for mention on 5 July 2010.

On 24 June 2008, a wholly owned subsidiary, Khidmat Mantap Sdn Bhd ("KMSB"), received a Writ of Summons and Statement of Claim from 2 persons claiming to have NCR over a parcel of land described as Lot 533, Block 14, Muara Tuang Land District situated at Merdang Limau, Samarahan, Sarawak which has been alienated to KMSB. KMSB's solicitors filed an Appearance on 2 July 2008 and Statement of Defence on 28 July 2008 on behalf of KMSB, which was named as the first of the three defendants in the suit. On 23 February 2009, the High Court ruled to allow KMSB's application to strike out the action with costs to be taxed unless agreed. The Plaintiffs then filed the Notice of Appeal on 12 March 2009 to the Court of Appeal against the aforesaid decision of the High Court. No date has been fixed for hearing of the appeal to date. The Directors, in consultation with KMSB's solicitors, are of the opinion that KMSB has a strong defence in the case.

On 27 June 2008, a wholly owned subsidiary, Naim Cendera Lapan Sdn Bhd ("NC8") was served with an Order of Interim Injunction by the High Court upon application made by 7 persons claiming that NC8 had encroached into parcels of land known locally as Derod Mawah and Tana Spunged Sarawak over which they claimed to have NCR. The relevant authorities had issued to NC8 a licence to operate a guarry on and remove stones from all the parcel of land situated at Gunung Rumbang, Padawan which is adjacent to the earlier-mentioned land. On 11 July 2008, the Interim Injunction was discharged by mutual agreement and upon an undertaking given by NC8 to the Court. NC8 is allowed to enter and work in the undisputed area but is not permitted to commence blasting (save for blasting to obtain a 2 cubic meter rock for testing as decided by the Court on 9 September 2008) until the next inter-partite hearing, set for 5 November 2008. NC8 filed its defence on 22 July 2008 stating, inter alia, that NC8 had lawfully entered the guarry area with the consent of the affected residents and that the licensed area is substantially outside the area claimed by the Plaintiffs. On 24 November 2008, the High Court ruled that the Interim Injunction be dismissed with costs. On 23 December 2008, the Plaintiffs filed an appeal against the High Court's dismissal, which appeal was subsequently withdrawn by consent on 25 March 2009. The Court has fixed the matter on 1 July 2010 for continuation of trial for cross examination of the Plaintiffs' expert witness.
